As a contractor, homeowner or landowner, you can save time and money while keeping yourself, your community and your province safe by clicking or calling before you dig.

PRIMARY / SECONDARY CONSTRUCTION

We are continually planning and scheduling construction work for primary (new) gas services and secondary services, as well as alterations to existing primary services.

If you are considering any of these construction projects, please contact our office. Requests for construction work prior to our busiest season ensure we can accommodate your schedules and timing.

Our deadline for construction requests is mid-September.

Quarantine Tweets

Homeschooling update day 9:

Today we did math. If you have 3 kids, and they are awake roughly 13 hours in the day, and you're trying to work from home, how many times will you hear the word 'snack'?

Quarantine day 6: Went to this restaurant called The Kitchen. You have to gather all the ingredients and make your own meal. I have no clue how this place is still in business.

Quarantine Diary Year 3- Fiercely fought with the husband over the day of the week. We were both wrong.
