PROPERTY ACCESS

Property access has been an increasing issue for our staff. In order for us to inspect and maintain our infrastructure, we ask your assistance in providing us with gate codes, combinations, or keys. Alternatively, we can provide you with a co-op lock to add to your gates. Please contact our office.

ANNUAL METER INSPECTIONS & RECERTIFICATIONS

With the start of a new year, we turn our focus towards the upcoming annual system repair and maintenance requirements. We visit each meter site in specific areas to manually read the meter and inspect the infrastructure.

**** As always, your cooperation in allowing unobstructed access to the meter and related infrastructure is essential in our operators' safety, as well as your safety and that of your neighbours.****

We will also be focusing on changing out any meters that are scheduled for recertification. If your meter is due for recertification, we will contact you to make an appointment for a brief gas disruption and to relight your appliances if necessary. Depending on the Covid situation, to keep our staff and customers safe, we will adjust our approach for this initiative accordingly.

DIRECTOR NOMINATIONS – 2022 AGM

We will be holding our next Annual General Meeting in March 2022, at which time there will be an election of directors to serve on the Cochrane Lake Gas Co-op Ltd. Board of Directors. If you are interested in serving as a director, information, application and nomination packages are available at our office or on our website.

LAUGHING GAS

What is a New Year's resolution? Something that goes in one year and out the other.

An optimist stays up until midnight to see the new year in. A pessimist stays up to make sure the old year leaves.
