## YOUR GAS BILL

There are different types of natural gas distributors in Alberta: Investor-owned, Co-operative, and Community-owned. Each gas distributor has a provincially-set franchise area that gives them the exclusive right to supply natural gas in that geographical area. But there are key differences between the Investor-owned, and the Co-operative and Community-owned models.

To learn about the differences between the utilities and the effects on the consumers, please visit [www.fedgas.com/YourGasBill](http://www.fedgas.com/YourGasBill).

## PRE-AUTHORIZED WITHDRAWAL AND E-BILLING

In our continued effort to save time, money and paper, we encourage you to sign up for ***paperless billing*** or ***pre-authorized withdrawal***. Please contact our office if you wish to enroll for these services.

Additionally, we can register you to receive occasional emailed updates and information.

## LAUGHING GAS

I saw an ad that said “radio for sale, \$1, volume stuck on full”. I thought “I can’t turn that down”.

If you want to save money this Christmas, now is the perfect time to tell your kids Santa didn’t make it through the pandemic.

A lot of people can’t tell the difference between entomology and etymology. I can’t find the words for how much this bugs me.
