METER RECERTIFICATIONS / CHANGES

Our staff are currently working on routine meter change outs. Any meter with a seal expiry date of 2023 will be changed out for recertification or removal of service. We will be working with you to schedule these appointments to allow us to relight any appliances as necessary. To eliminate the need for homeowner presence for appliance relights, we are installing meter bypass valves for future meter changes.

LEAK SURVEY / LINE WALKING

We have contracted GLD Projects Inc. (a gas leak detection company) to walk all of our gas lines in two areas of our franchise. They have already completed out Tap 2 area, which encompasses a large area north of Cochrane, including around the gas plant, along Highway 22, Cochrane Lake and surrounding subdivisions, Monterra, Camden Lane, Weedon and east along Highway 567, as well as the south part of Horse Creek.

By the second week of May, they will be in our Tap 10 area, along Highway 579, Doc Mills Road, west of Water Valley to the Forestry, and north to the Burnt Timber Highway.

FEDERAL FUEL CHARGE INCREASE

Effective April 2023, the Federal Fuel Charge has increasing from \$2.629 per GJ to \$3.327. For questions regarding the Federal Fuel Charge, please visit:
