PROPERTY ACCESS

Property access has been an increasing issue for our staff. In order for us to inspect and maintain our infrastructure, we ask your assistance in providing us with gate codes, combinations, or keys. Alternatively, we can provide you with a CLGC lock to add to your gates. Please contact our office at 403-932-2707.

CANADA POST STRIKE

If you normally mail your payment to us, we would like to remind you that there are alternative methods to keep your account current:

- **Sign up for pre-authorized payment (DEFT)** – Payments are withdrawn from your account on the 16th of each month. To sign up, you can find our forms on our website, or you can contact our office.
- **E-transfer** – Send us an e-transfer to **admin@clgas.ca**. Please remember to include your account number.
- **Pay on-line** – You can select us as a bill payee on your on-line banking platform. Please note, some banks require additional digits with your account number. If this is the case, please enter 16330010 in front of your account number.
- **Drop off or pay via debit** at our office during regular business hours.
- **Pay via credit card** – You can call us to pay via credit card. Please note the service we use does charge a 3 to 4% load fee.

RENTING OUT YOUR PROPERTY?

As a co-op, we are required to enter into a customer contract for service with the property owner. This means that if you have a renter, we can send the gas bills to both owner and tenant and will accept payment from either. **As the account is ultimately the responsibility of the owner, we strongly recommend monitoring the account status.**

2025 METER CHANGES / RECERTIFICATIONS

Our staff are currently working on routine meter change outs. Any meter with a seal expiry date of 2025 will be changed out for recertification or removal of service. We will be working with you to schedule these appointments to allow us to relight any appliances as necessary. To eliminate the need for homeowner presence for appliance relights, we are installing meter bypass valves for future meter changes. Your cooperation in working with us to change out the applicable meters is appreciated.

LAUGHING GAS

What do you call a snowman in the summer? A puddle!

Why can't you trust an atom? Because they make up literally everything.

When is it safe to dive into a pool? It deep ends.
